

Security Chains

This new chain has been developed by Hackett Chains in order to be cost effective and provide the very best security.

Hackett Security Chain is manufactured from through hardened alloy steel and then case hardened, not only is it stronger, it is designed to withstand a much greater range of attack methods.

Part Code	Dimensions mm			Lock
	A	B	C	
ASS.080	8	24	29.6	ASS.080.L
ASS.100	10	30	37.0	ASS.100.L
ASS.130	13	39	48.1	ASS.130.L

Blue Web Sleevling To suit above chains

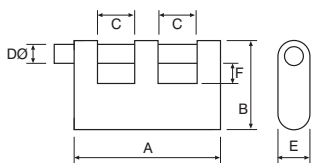

Part Code	Lay Flat Width mm
ASS.100.S	65

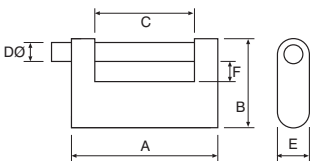

High Security Locks To suit above chains

- Casehardened steel sleeve and sides
- Casehardened rotating slide bolt shackle
- Sacrificial shackle grip plug
- Pulling protection on cylinder shield
- Casehardened drill resistant cylinder shield
- Three keys with overlapping security section
- Seven pin system with over 100,000 changes

Part Code	To Suit	Dimensions mm					
		A	B	C	D	E	F
ASS.080.L	8mm chain	78	51	10	10	23	10
ASS.100.L	10mm chain	86	62	11.5	12	29	12

Part Code	To Suit	Dimensions mm					
		A	B	C	D	E	F
ASS.130.L	13mm chain	86	72	36	12	29	20
